MEMORANDUM

To: John Ossowski, President
From: Kathy Thompson, Vice-President, Strategic Policy Branch
Subject: Proposed Pilot Projects with United States-Customs and Border Protection

You are scheduled to have a bilateral meeting with the A/Commissioner of the United States Customs and Border Protection (US-CBP) in Washington on Tuesday, June 18, 2019. We have been informed that the A/Commissioner has requested that we move the meeting start time by 15 minutes to 2:15pm.

The relevant background material and speaking points on this topic will be provided to you electronically, prior to your meeting with the A/ Commissioner on June 18, 2019.

As part of your discussions, you had requested information on possible pilot projects that the Canada Border Services Agency (CBSA) could undertake with US-CBP. Based on an internal consultation across the Agency, we have prepared the attached table which identifies ten possible pilot project concepts, for your consideration. Given their readiness and alignment with current CBSA priorities, it is recommended the CBSA pursue discussing the two pilots listed below.

- 1.
- 2.

We will be seeking additional details on the remaining pilot projects and will update you accordingly.

PROTECTED B

Please note that with the federal election being held on October 21, 2019, we will be entering the "caretaker convention" period, during which time the government will need to restrict itself in the actions it carries out. Consequently, any and all cooperation with the U.S. on the proposed pilots would need to be deferred

Kathy Thompson, Vice-President
Strategic Policy Branch
